

# THE ROCK

## Mini Edition

August 2014

### Rock of Ages Sports Report

Good morning, sports fans! Your Rock of Ages coed softball team continues to roll along with their summer softball season, although there hasn't been a lot of action recently.

The season continued on June 30th with an exciting game down in Widefield. Your Purple Power played perhaps their most complete and impressive game in sometime, and emerged with an 11-8 victory over their opponent. There was timely hitting, great defense, precise pitching and a great attitude throughout the game. A fun night! The following week had a scheduled bye, and then the good Lord blessed us with some rain showers on July 14th, so we were rained out.

So, with 4 more games yet to be played this season, your ROA Purple Power have a record of 2 wins and 4 defeats. The season continues on Monday nights (weather permitting), and you can see our scheduled games printed in the weekly bulletins and monthly church calendar. Come on out and cheer on your team!

*Lord's Blessings,*

*Jim Kuehnert,  
Rock of Ages Sports Teams*

### Ukraine Mission

Our next fund raiser will be a Dining to Donate day at the Applebee's on Garden of the Gods Road. Bring your bulletin insert with you and give it to your server when you come in to dine on Aug. 6<sup>th</sup>. We will 15% of your food and beverage purchase.

*Thank you for your support!*

### Holy Trinity Church Update

Our Mission Church in Riverton, Utah has sent us an update on their building progress - the sewer and water lines are roughed in to the site of our future church. The power should be installed this week and also this week, the road base should be leveled for the Laborers for Christ RVs. A couple of days after the first section of floor is poured we will start on framing the exterior walls. We anticipate having the concrete floor in so Saturday August 2nd we can stand the walls.

The remaining Laborers for Christ are scheduled to be on site by August 2nd. During regular Divine Service on August 3, an installation/commissioning service will be part of the service to dedicate their service to our congregation. The Labors for Christ work schedule will be basically from 7:00 am to 3:15 pm Tuesday thru Saturday. They start with a prayer at 7:00 and a short devotion at 9:30 everyone is welcome to participate any time.

As the prayer committee, we ask that you help us by praying daily for our building project, the Labors for Christ both those that are here and those that will be travel here, our building committee, our congregational leaders and people in this valley for the Holy Spirit to open their heart to volunteering some of their time and talents to the building project. Don't forget to keep our congregation in your prayers as always.

+++++
